

# Sommerpraktikum ICT Security Specialist (w/m/d)

Berufserfahrung	Ort	Pensum
Studierende	Zürich-Binz	80-100 %

## DAS KANNST DU BEWEGEN

- Participate in basic security audits of mobile devices or applications under close supervision, focusing on executing simple, well-documented checks.
- Assist in the documentation of security procedures, audit findings, or incident reports
- Engage in research on the latest and emerging technologies in mobile security, including innovative ideas for secure smartphone development
- Review and analyze existing mobile security applications, understanding their features, usability, and the security problems they aim to solve.
- Compile findings on new security features, encryption methods, and threat defense mechanisms that could enhance mobile device security.
- Prepare and deliver a presentation at the conclusion of the internship, summarizing learned concepts, experiences, observations, and any projects or tasks undertaken.
